LEGO artist Warren Elsmore and his team have created a celebration of our shared stories, struggles, and triumphs, made from everyone's favourite Danish toy.

From tiny recreations of Concorde and the Titanic that could fit in your hand, to a 1.5m square medieval castle bustling with activity.

Featuring 30 models and dioramas designed to make you smile and to make you think. **There will be some LEGO to play with - so visitors can be inspired and get creative!**

As well as our regular *History Makers* craft & LEGO sessions on the first Saturday of the month we will be hosting a special programme of activities during the February half-term. Visit our website hullhistorycentre.org.uk or Facebook pages facebook.com/hullhistorycentre for the latest details.

The exhibition has been brought to the centre thanks to funding from Hull City Council with support from the University of Hull.
